Helping you sell commercial assets with confidence

At BPI, we help businesses, finance providers and organisations sell commercial and industrial assets in a simple and straightforward way.

We manage the whole process from asset appraisal and storage through to sale and collection.

Whether you're closing down, retiring, upgrading or relocating, we tailor the right solution to suit your business and timeline. Whatever the reason for selling, our team is here to help.

We regularly support the sale of:

- Plant & machinery
- Agricultural equipment
- Industrial assets
- Commercial vehicles

Making asset disposal easier for you.

We know selling assets can feel like a big job. That's why we make the process simple, flexible and built around what works best for you.

Clear & straightforward:
Transparent pricing, no hidden fees and a no upfront costs approach for added peace of mind.

Built around your goals:
Sell from your site or ours, with flexible solutions tailored to your needs.

Experience you can trust:
Our sector specialists bring years of combined experience across commercial asset sales.

Helping you get the best value:
Targeted marketing and online auctions help connect your assets with the right buyers.

Supporting you from start to finish:
From asset appraisal to final payment, we manage the whole process in-house.

Helping you meet ESG goals:
We support responsible reuse, recycling and resale to help reduce waste.

Supporting businesses across many industries

No two businesses are the same, which is why we take a practical approach to every sale.

Our team works with businesses large and small across a wide range of sectors, helping manage unwanted, and end-of-life assets in a way that works for you.

We regularly support businesses in:

- Construction
- Finance & asset recovery
- Agricultural
- Woodworking
- Manufacturing & engineering
- Catering & hospitality

Whether you're clearing space, upgrading equipment or managing returned assets, we're here to help make the process simple.

**We don't wait for
buyers, we find them**

Helping the finance sector recover more value

Whether you're handling repossessed assets, remarketing end-of-lease equipment, or liquidating companies, you'll find the right buyers quickly and efficiently with BPI.

We help finance providers, asset managers, portfolio managers, collection teams and leasing companies maximise recovery values on machinery and equipment, quickly, compliantly, and with excellent returns.

How we support finance partners

- Returned assets
- Lease-end stock
- Repossessed vehicles and equipment
- Secure storage solutions
- Flexible on-site or off-site sales

Our experienced team is here to make the process as smooth as possible.

BPI's simple 5-step selling process

Connecting buyers & sellers together. It's what we do.

Getting you the best return

Achieving the best result starts with getting your assets in front of the right audience.

Your sale is promoted to thousands of active buyers in the UK and overseas, helping create competition and maximise returns.

- 📍 **200,000+** registered buyers and bidders
- 📍 **800,000+** unique users each year
- 📍 **50,000+** lots sold annually
- 📍 **24/7** live online auctions throughout your sale

Giving you more control

More control, less risk. Sell from your site or ours, set reserve prices and connect with verified buyers through targeted marketing, with no upfront costs.

Recent projects, real results

Every project is different. From business closures to retirements and fleet renewals we help businesses sell assets in a way that is professional, efficient and built around their needs.

Construction plant & equipment: Warwick Ward (Machinery) Ltd

Appointed by a leading finance company following a business closure, we managed the sale of high-value construction and recycling equipment through two online auctions.

Result: **41 lots sold | £3.3 million achieved**

Agricultural machinery disposal: Rea Valley Tractors

Working on behalf of a leading finance company, we managed the disposal of agricultural machinery across multiple sites, including DEFRA-compliant preparation at our York facility.

Result: **£2 million+ achieved in the initial phase**

Engineering & Manufacturing: H+K International

Following a major site relocation, BPI managed the sale of high-value CNC fabrication equipment through a targeted international online auction, attracting buyers worldwide.

Result: **221 lots sold | £179,870 achieved**

Woodworking: Mark Wilkinson OBE Workshop

BPI managed the sale of the personal workshop of renowned furniture designer Mark Wilkinson OBE, marketing premium woodworking machinery and specialist tools to a global audience.

Result: **99 lots sold | £22,489 achieved**

Safe space for every asset

Our facilities allow us to store, manage and sell a wide range of commercial assets safely and efficiently. Both sites offer secure environments, specialist handling equipment and experienced teams to manage assets of all sizes.

Wakefield Headquarters

Our ISO-accredited site is designed to safely manage a wide range of commercial assets.

- 20,000 sq ft warehouse space
- 22,000 sq ft secure vehicle compound
- 24/7 monitored security and CCTV
- High-reach racking and forklift handling
- ISO 9001, 14001, 27001 & 45001 accredited

York Facility

Through our partnership with **Johnson Haulage**, we have access to a large secure site for storing, preparing and selling heavy or specialist equipment.

- 35,600 sq ft secure site
- Covered storage and CCTV security
- Specialist handling equipment and loading ramps
- Suitable for agricultural machinery, plant and vehicles
- Vehicle preparation to DEFRA standards

**Professional standards.
Proven results.**

The highest standards, every step of the way

When you trust us to sell your assets, you need to know they're in safe hands. We work to the highest recognised industry standards, with independently accredited systems, secure data handling and transparent processes that give you confidence from instruction through to sale.

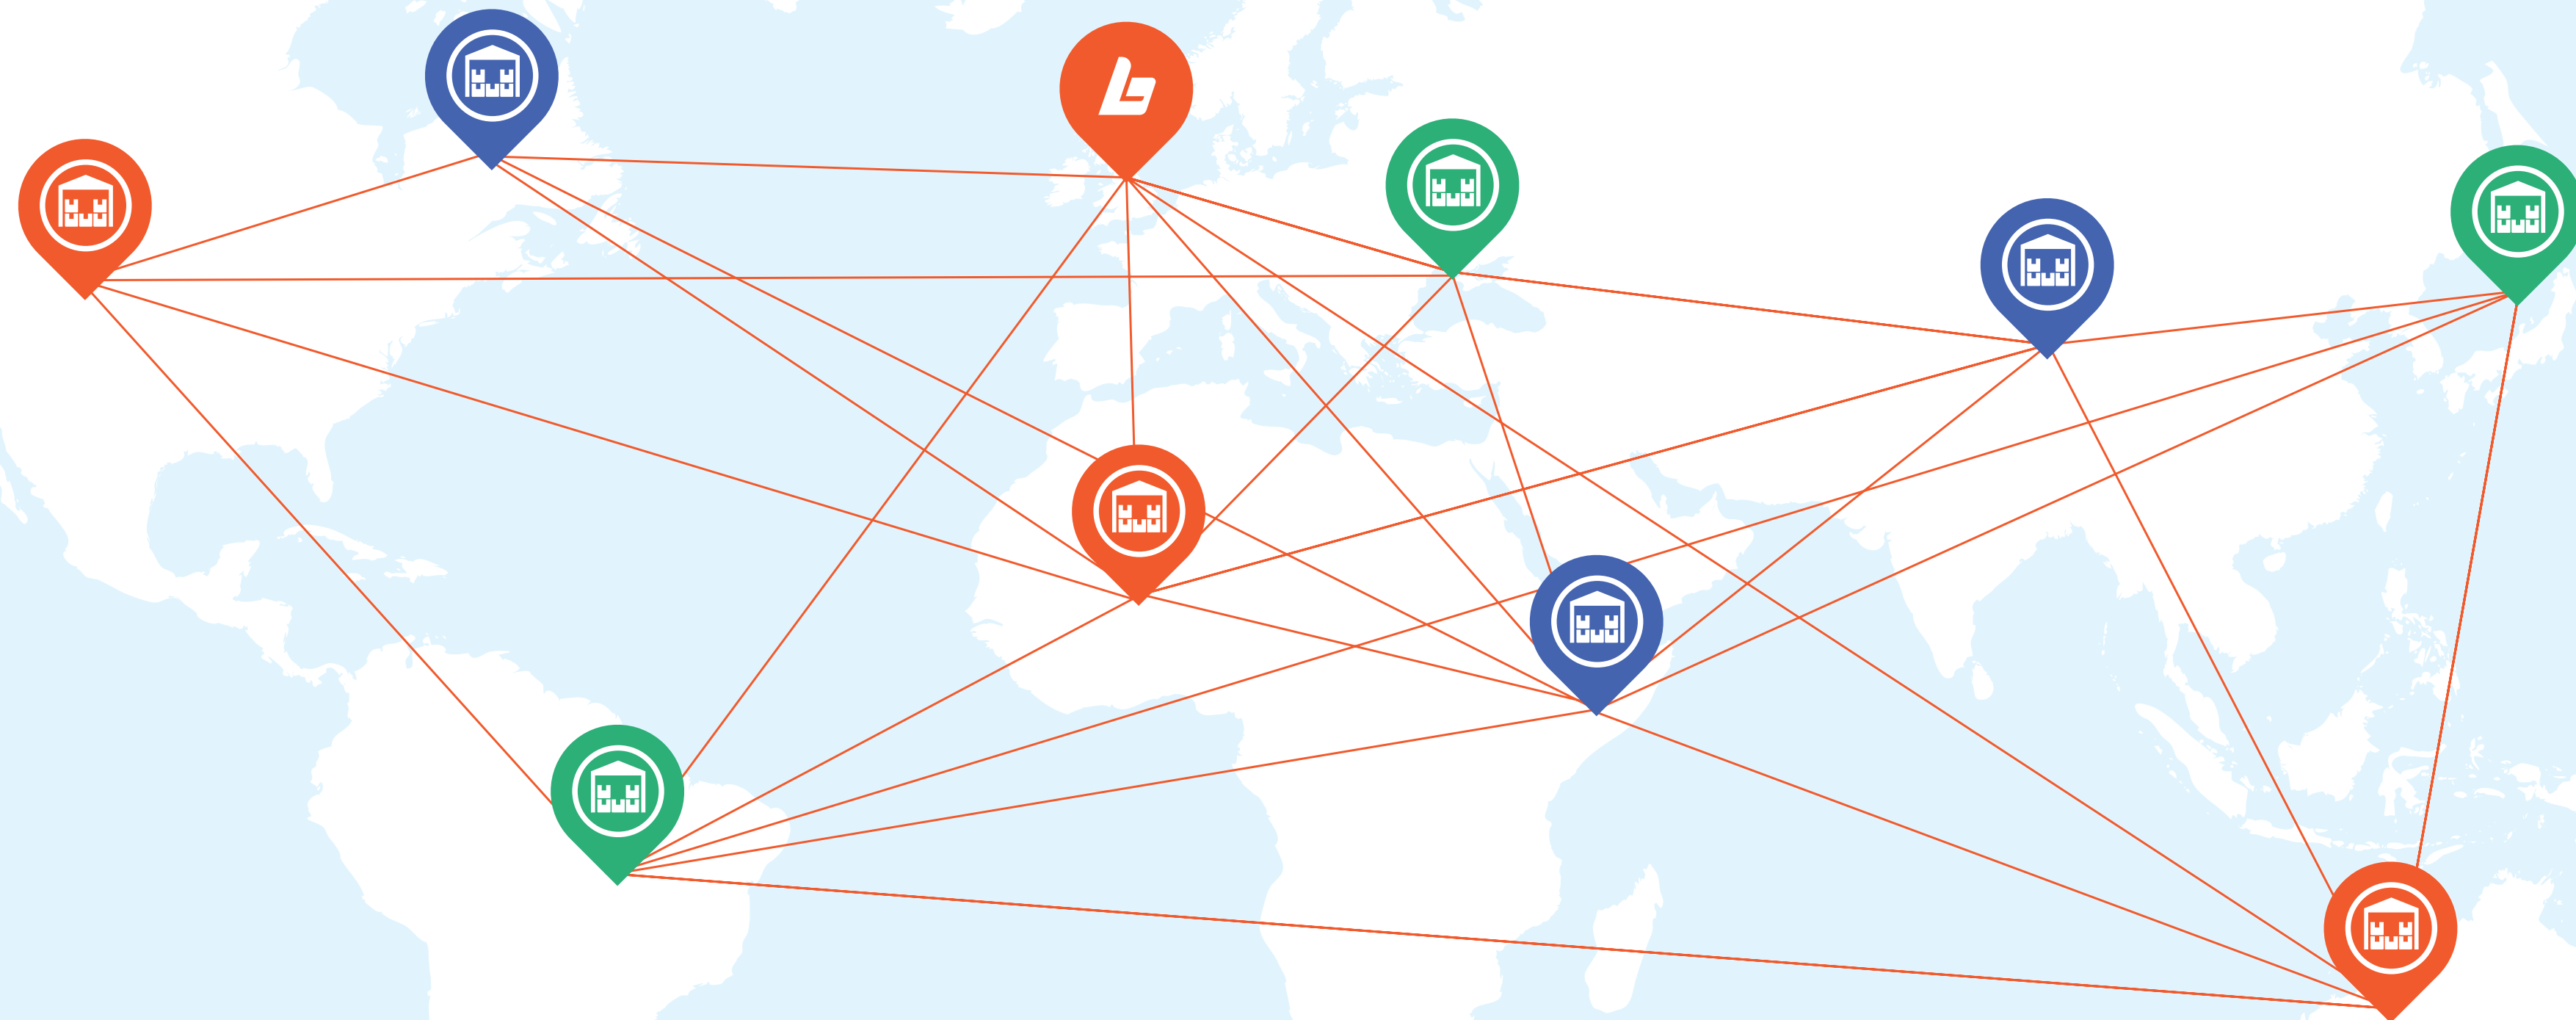

- Independently ISO accredited for quality, information security, environmental management, and health & safety
- Cyber Essentials certified to keep your data secure
- Clear reporting and a full audit trail throughout every sale
- Sustainable approach that supports reuse and the circular economy
- Data-driven marketing to connect your assets with the right buyers

Your assets, delivered worldwide

Buying from the UK is now easier than ever for our international customers. In partnership with NMT International Shipping UK, we provide fast, reliable shipping for machinery and vehicles purchased through our auctions.

- Specialist Roll-on / Roll-off shipping for vehicles and heavy equipment
- Expert handling of export documentation and shipping processes

- Smooth collection and transport from our auction sites
- Fast, efficient delivery to your destination

Giving you a trusted partner from start to finish

Selling commercial assets doesn't have to feel complicated.

Whether you're clearing space, upgrading equipment, managing returned assets or handling a larger project, our team is here to help make the process simple.

From first conversation to final payment, we'll work with you to find the right approach for your business.

What you can expect from us

- 🟠 Friendly, experienced support
- 🟡 Flexible selling options
- 🟢 Clear communication
- 🟠 Secure handling of assets
- 🟡 A straightforward process

A trusted partner from start to finish.
